

OVERVIEW STEPS to EXPATRIATION

Step 1.

State Certified and Endorsed Birth Certificate sent to Secretary of the Treasury with Form 56

Step 2. a) Act of Expatriation and Oath of Allegiance – land recording

- ✓ declares both the permanent domicile of your names (that is, your "vessels" in trade) and your allegiance to the land and soil of your actual birth state.
- ✓ clears up the matter of your actual permanent domicile being on the land of your native state of the Union and makes your allegiance to that state clear.

Step 2. b) Revocation of Voter Registration

Up to now, your voting rights have allowed you to participate in private foreign corporation elections.

Once you rescind your right to vote, you now enforce your natural right to elect your own public officials and conduct your own government and live under your own law.

- ✓ Have your name removed from any "Voter Registration".
- ✓ Notify the State of State Voter Registration Office
- ✓ Optional: THE NATIONAL CLEARINGHOUSE - U.S. Election Assistance Commission

Having completed Step One and Step Two (the recorded Act of Expatriation and the revocation of Voter Registration), you are back on the land of the state where you were born, a free American. That completes the rebuttal of both forms of federal citizenship--- both MUNICIPAL and Territorial.

Step 3. Revoke your election to pay federal income taxes

Send a Letter of Revocation of Election to the Commissioners of **both** the IRS and the Internal Revenue Service.

Internal Revenue
Office of the Commissioner
Room 3000
1111 Constitution Avenue NW Washington, DC 20204- 0002

Commissioner of the Internal Revenue Service
Department of the Treasury
P.O. Box 480
Holtsville, New York 11742-0480

- ✓ Tell them that you revoke your election to pay federal income taxes beginning with October the first of last year or any prior year you choose.
- ✓ Notify them that you have retired from all federal employment and/or from any presumption of federal employment and have returned to your native birthright political status.
- ✓ I request a response with objections or claims within five (5) business days. Failure to hear from you within that time frame, I accept the agreement that all insurances, services, and benefits of the Social Security program are due and owed to me regardless of political affiliation or lack thereof and that I am free to receive my pension and other program services without prejudice, presumption or claim otherwise.
- ✓ I have been misidentified as an unpaid "volunteer" warrant officer in the Merchant Marine Service, known as a "Withholding Agent" and I have contributed to the confusion by agreeing that I am a "Withholding Agent". Now that I know that I am not a voluntary warrant officer in the Merchant Marines, I admit the "mistake" and revoke my election to pay federal income taxes.

NOTE: You are entitled to take Step 3, so long as you are not actually a federal civilian or military employee or dependent, political asylum seeker or otherwise prohibited from relinquishing this particular duty. If you work for the corporation, you have to do what the corporation says. The corporation has the right to dock your pay, if you agree to it, as a condition of employment---- if they call this a "tax" it is in the euphemistic sense, because they are not actually a government, but a governmental services corporation. They can also "tax" that part of your retirement pension that comes from actual federal employment. Most Americans have (a) never worked in any capacity for the federal government in their lives or (b) have spent a couple years in the military, which upon retirement accounts for such a tiny part of their pension that it is far, far below the amount of the standard deduction and can be totally discounted as taxable pension "income".
